sick industries, to revive the sick industries to, protect the interests of the workers in the industries. The three main objectives, directives, laid down in the CMP on the question of amendment ot" the SICA are to revamp, revive and to protect the interests of workers, Now, in the Bill which is introduced on the instruotion of the IMF, nothing is mentioned about the revival of the industries; nothing is mentioned about the revamping of the industries. The quasi-judicial authority of the Board i.e. BIFR is sought, through the Bill, to to wittdrawn, deleted. In the existing law, it is provided that a factory will be referred, to the BIFR only when its worth becomes negative by making continuous losses. Now, in the Bill jt is provided that any creditor financial institution may ap. peal that a comp'any is in default to pay dues for two years or one year and it can be refened. And the right of appeal to the higher court is being withdrawn, the right of appeal to the High Court is being withdrawn; the right of appeal to the apex court is being withdrawn, under the provisions of the Bill. If the Bill is passed, then the liquidation of companies will be automatic; the winding up of companies will be automatic. Section 25 erf the Industrial Disputes Act negates it by itself.

I would like to tell the Government humbly that the Bill will have far-reaching repercussions if pursued with. We are with the Government and our differ-cence is also known. We are a Party ot workers. We cannot agree with any provisions which hamper the interests of workers and indu'stdes. Therefore, 1 wtould request the Government through you, Sir, to re-consider the Bill, even not to proceed with the Bill- We should not be blamed later. Even if it is pursued with, it rnay not be possible for us to support the Bill We may have to, We may be compelled to, vote against the Bill if it is possible. Therefore, I once again draw the attention of the Gtovem-ment to the fact that all this has been done at the instance and instruction *ot* the IMF. It should be stepped.

DR. BIPLAB DASGUPTA (West Ben-can Mav 1 request the Minister to communicate our feelings to the Govern-ment. Sir? This is a Zero Hour Men-lion.

THE VICE-CMAIRMAN (SHRI JOHN F, FERNANDES): Mr. Jiboo Roy *hits* said that he is in the Govwn-ment. But I do not think tha,t he is in the Government. He is in the Treasury Benches. *{Interruptions),* I know. There are others. He has to associate himsell. Shri Bratin Sengupta.

.SHRI BRATIN SENGUPTA (West Bengal): I associate myself with Mr. Jibon, Roy, Sir. Thank you.

RE. NEWS-ITEM ABOUT LATA MANGESHKAR'S SINGING AT MID-NIGHT SESSION AND OPENING OF A BOTTLE.

SHRIMATI MARGARET ALVA (Karnataka); Sir, I rise with a sens of deep anguish to bring to the notice of the House facts that have appeared in the newspapers over the last two days. We are all celebrating the 50th year of freedom. It has become the watchword today, and perhaps, the most solemn part of the entire celebration is the function in the Central Hall of Parliament on the 14th midnight, when we are supposed to be rekindling the spirit of patriotism and the entire freedom movement. Sir, I am not involved with any of the Committees. I may be corrected if I am wrong. But I am quoting reports which have widely appeared. Mr. Bommai, we are told, is the Chairman of the National Celebration Committee, while no less a person than the Home Minister, is the Chairman of the Cabinet Committee for the Celebration- They are not ordinary people. They should be knowing what is happening. Now, I would Ifte to quote something. "After Lata Mangeshkar. the Nightingale of India, sings *Sore Tahan Se Acha* in Parliament, and after she has sung those famous lines, she will open a bottle of a particular

drink, known as the champagne of all soft drinks, as a special contribution to CRY, which is an organisation for neglected children." Sir, I am on this point. What are the celebrations coming to? The most haloed spot in this nation, I believe, is the Central Hall of Parliament which gave us our Constitution. When we sit there, we sit there with a sense of awe. Of course, these days we sit and eat a lot of things. But to have vhe midnight session reduced to an advertising stunt for a particular drii;'-- baing sold in his country by a multinational, and to have no less a person than Lata Mangeshkar pop up Hie a champagne bottle at the midnight cork session, is I think, a disgrace, and I bow my head in shame. Sir, I was so anguished that I could not believe these reports. Early morning today, I rang up the Prime Minister. I said: "Sir, I am readini? these reports. What is this about?" He said: "I have not heard about it. I am hearing about it for the first time." Doesn't his Press Attache or whoever it is, even say what is in the newspapers? Don't they point it out to him that these are the advertisements which are appearing, which hurt any Indian? After the Nightingale sings *Sare Jahan Se Acha* and spread an emotion called freedom, with fifty-thousand Indians, and with - this the bottle that she will open—^I am not giving publicity to the name of the drink or to the company be-cause that is in the papers. But in a live telecast, for you to do things like this, is not only shameful, I think this country has to take von f-o tas'ic as a Government if you have allowed a programme like this to be telecast. I take a very serious oWection to this and I am putting iust three questions- Was the p«r-mi<:';ion of the Governmfnt sought? Who sought the permission and who gave the rermission? I would like a snecific an.swer who specifically gave that Pcrfhission. Tf the Government says that they know nothing about it, then J am sorry, I think you have no right to govern from Parliament House. You have got to know what is happening in th^ Central Hall. You cannot just say that you are helpless. I do not know. How can you allow a multinational to use the haloed precincts of the Central Hall on the night of 14th August when we talked about *swadesi,* when our people gave their lives to protect this country's interest, to allow a thing like this to happen? Sir, I hope for once, I am wrong, and I would very gladly like to be corrected if I am wrong. But if I am right, I demand from thfs Government that within the next twenty-four hours, this be put right- Lata Mangeshkar is a great woman. She has a place of her own in our culture and tradition, and if she has agreed to become an advertising agent for this particular drink, as part cif the celebrations, if she has committ(!«l that she will advertise it, then I think she has no option but to drop out all the programmes rather than use the Central Hall to advertise this drink.

DR. BIPLAB DASGUPTA (West Bengal): I would like to make a brief submission -

THE VICE-CHAIRMAN (SHRI JOHN F. FERNANDES): I h^ve a list before me. Mr. Malhotra, let other Members who have been permitted, have their say. Every time you are standing up- *{Interruptions).* Let them say something.

DR. BIPLAB DASGUPTA: Sir, I don't know what js happening to our country. I don't know what is happening to the Parliament. There have to be certain minimum norms. We are violating each and every norm. What is happening? What we are celebrati-n,? tommbrrow in the midnight is something which comes only once in fifty years - We will celebrate it again after fifty years. It is a historic occasion. .Alot of emotion is involved in it. We are all looking

forward to this occasion. And what is happening? The whole nation v/ill be watching this programme.

THE VICE-CHAIRMAN (SHRI JOHN F. FERNANDES): Not only the whole nation but the whiols world will be watching this programme because this programme is there on the Star TV.

DR. BIPLAB DASGUFTA: The whole world will be watching this programme. Now when the whole world will be watching this programme you create an opportunity for a soft-drink making company to advertise a product? Nothing cam be more shameful than this. 1 demand this programme should be immediately scrapped- There is no question of any discussion on this and there is no question of any consideration on this, more so, for two reasons. Firstly, we should not allow the Parliament to be' a platform for cheap publicity, any kind of publicity. Secondly, we are publicisitig the product of a multinational company. What is this?' I know a lot of talk like liberalisation is going on. This is the ultimate product of liberalisa-tion. Are we gong to sell our national prestige, national pride for getting money from multinational companies? I request you to take the opinion of the House, to take the sense of the House. Today at 4,30 P.M the Speaker has called a meeting of the leaded to discuss the celebrations of 14th. When we, .the leaders of thfe House, are goi-ng for the meeting, we should have the mendate of the Houser to say categorically that as far as Rajya Sabha is concerned, we don't want this programme to proceed. If this programme is permitted we will boycott the whole programme. This is the question. If this programme is bn the Show tomorrow in the midnight, at the sacred hour, we will be boycotting this pro.?-ramme. Thank you.
